

Sub-Processors

Last updated: 10 September 2019

Datrium may contract with other companies to provide certain services on its behalf. Sub-processors who may process Customer Data (as defined in the End User License Agreement) are itemized below. As set forth in the Data Processing Addendum, Datrium has adequate data transfer mechanisms in place with each sub-processor. The list below does not apply to pre-release versions. The sub-processors, geographic scope, and services scope specified herein may change from time to time based on Datrium's business needs.

Sub-Processor	Country	Services Performed	Website
Amazon Web Services, Inc.	Australia Brazil Canada France Germany India Ireland Japan Singapore South Korea United Kingdom USA	Hosting provider and platform services	https://aws.amazon.com/
VMware	USA*	Hosting provider and platform services	https://www.vmware.com/
Salesforce.com	USA*	Customer Support	https://www.salesforce.com/

Slack	USA*	Customer Support	https://slack.com/
-------	------	------------------	---

** The country listed is the sub-processor's primary location. Datrium purchases the sub-processor's standard offering and thus the sub-processor controls the country in which data is stored.*
